

- The objective of the 2015 Fall Team Series is to introduce and develop the game using a team format on the course. Participating in various team formats can actually accelerate skill development while having fun.
- Family members are encouraged to be an integral part of this program through being course guides, caddies, fans and even coaches! There is absolutely no experience necessary!
- Traditions, rules and etiquette, along with exercise and nutrition for golf will be an integral part of the Team Series curriculum.
- Tee times and course rotations will be provided at the orientation on Sep 20th. Contact chapter director Doug Brown with any questions at 864-553-1592 or email dougb626@yahoo.com
- Please bring snacks and water to keep your golfer properly nourished.

WHO: Brand new players to experienced, ages 5 - 14, Engaging parents as caddies, guides, mentors and team coaches

WHAT: This 8 week on-course, developmental program focuses on transforming a family unit into a team that learns about golf together. The program shows the parents and families how to aid their children's golf instruction as guides, caddies, fans and coaches. The key theme of this program is to develop a team similar to the ones used in Ryder Cup, Walker cup and other club formats. In addition to team building, leadership skills are another goal of this program. We will show the golfers, the coaches (i.e. parents and other family members) and caddies when and how to lead and make decisions. We have also developed a curriculum that uses developmental theories as the basis for the instructional process. In the end, this program will help the family grow closer together, will help the family learn about golf, and will help the family have fun with golf.
